

About 2insight

2insight works with leaders, managers and teams:

- Individual and group coaching
- Building leadership skills and capability
- Transitioning from manager to leader
- Leading change and managing people
- Team cohesion and performance
- Communication and influencing
- Values and strengths
- Career focus & growth
- Stakeholder management
- Strategic projects and planning

Coaching

By tailoring our coaching approach we find a flexible, best fit way to meet individual goals and needs that:

- Strengthen leadership skills and capability to promote effective decision making.
- Focus on strengths, skills and development to enhance self-awareness and maximise potential, influence & impact.
- Generate practical and sustainable actions to achieve desired results.
- Build confidence and self belief.

Team workshops

We design and facilitate bespoke team workshops in areas such as:

- DISC, StrengthsFinder, Five Behaviours of a Cohesive Team.
- Leadership skills & behaviours, communication skills and stakeholder management.
- Team cohesion & performance.
- Leading change, managing people and coaching as leaders.
- Strategic planning, creative thinking and problem solving.
- Transitioning from manager to leader including career development and progression.

Consulting

2insight will collaborate with you to create a bespoke solution to make a difference in your organisation's leadership capability by:

- Developing a leadership language and culture that leads by example and embeds sustainable growth and change.
- Establishing clear leadership KPIs and behaviours that strengthen leader accountability.
- Growing and developing leadership skills and abilities.
